FANCHER CREEK
NURSERIES INCORPORATED
FRESNO, CALIFORNIA

GEORGE C. ROEDING

PRESIDENT AND MANAGER

Choice Budded Roses

TO THE TRADE:

Our Roses are all grown in our General Fruit Tree Nursery, in Kings River Bottom, about eighteen miles east of Fresno, where the soil is of a deep, alluvial nature, which is conducive to giving the plants a fine, vigorous root system, and also heavy, strong tops, well suited for retail trade. The plants on June first averaged two feet in height throughout, with the exception of such varieties, which are not strong growers, viz.: Ivory, Baroness Rothschild, Catherine Mermet, Improved Rainbow, Mlle. Cecil Brunner, Marchioness of Londonderry, Marechal Niel, Niphetos, and these we are obliged to grade somewhat lighter.

The quotations named are net for stock at Fresno, California, with an additional charge to cover cost of material used in packing.

BUSH ROSES will be supplied in quantities not less than 5 of any one variety.

STANDARD OR TREE ROSES, fine strong heads, will be supplied in assortments at discretion of purchaser.

Bush Roses are tied in bundles of ten, and we would appreciate it if orders were made as far as possible in multiples of this number.

Sales will be made subject to stock being unsold when order is received, with the understanding that if stock should become injured by frost, hail, fire or other causes beyond our control, the order will be void.

We exercise the greatest care to keep all varieties true to name, but it is mutually agreed to between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price of the stock.

Orders from unknown correspondents must be accompanied by remittance or satisfactory references.

FANCHER CREEK NURSERIES, Inc.
